The Center for Communication, Difference, and Equality (CCDE) strives to be a space where our community of students, faculty, staff, and alumni gather to promote greater equity. Through research collaborations, networking opportunities, action-oriented classes, mentorship programs, and community events we engage in dialogue to think critically about race and its intersections, to interrupt privilege, and ultimately to change the structures of power around us: http://ccde.com.washington.edu/

Race and Equity Initiative challenges all of us — students, faculty, staff and university leadership — to take personal responsibility for addressing our own biases and improving our university culture:
